## **DETAILED ACTION**

### ***Status***

1. The Examiner contacts the Applicant on 17 May 2010 and 19 May 2010 to request Examiner's initiated interview to resolve 35 U.S.C. 112, 2nd paragraph, issues, however no response has been received.

### ***Response to Amendment***

2. Claims 1-10, 20-23, 25, and 29 have been canceled.

### ***Claim Rejections - 35 USC § 112***

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

**Claims 1-17, 26, 27, and 30** are rejected as failing to define the invention in the manner required by 35 U.S.C. 112, second paragraph.

The claim(s) are narrative in form and replete with indefinite and functional or operational language. The structure which goes to make up the device must be clearly and positively specified. The structure must be organized and correlated in such a manner as to present a complete operative device. The claim(s) must be in one sentence form only. Note the format of the claims in the patent(s) cited. For instance, each functionality should be performed by corresponding structure, e.g., receiver, detector, controller, etc., instead of gateway node for clarification of claim limitations.

***Allowable Subject Matter***

4. **Claims 11, 30** would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
5. The following is an examiner's statement of reasons for allowance:

**Claims 11, 18, 24, 28, 30** are allowed because the search of the prior art failed to teach "a value field indicating that the remainder of the hop-by-hop header is provided for the gateway support node, wherein the remainder of the hop-by-hop extension header includes a home field providing a home address of a mobile node."

**Claims 12-19, 26, 27** depending on **claims 11, 18, 24, 28, 30** respectively, therefore, are considered allowable on the basis as the independent claim as well as for the further limitations set forth.

***Conclusion***

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any

extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
